

FARES & SCHEDULE EFFECTIVE 01 JUNE 2022

Welcome aboard the Gautrain!

Thank you for choosing Gautrain, South Africa's first, premier rapid rail transport system that has been built to exacting international transportation and safety regulations, so you may be assured of a speedy, safe, and comfortable journey with us.

The Gautrain commenced operations in 2010 and to date we have over 120 million passengers entries at stations. With an average punctuality of 98.55%, the Gautrain is one of the most reliable passenger train services in the world – an achievement that we are exceptionally proud of. Travelling at a maximum speed of 160 kilometres per hour, it connects Hatfield station with Johannesburg Park station in approximately 42 minutes, and Sandton station with the OR Tambo International Airport in less than 15 minutes.

Gautrain operates across Johannesburg, Tshwane and Ekurhuleni and connects to the OR Tambo International Airport. A fleet of Gautrain buses service over twenty bus routes that provide access to nine of our ten train stations (OR Tambo excluded). Parking and drop-off facilities are available at all stations, except for the OR Tambo station. In addition, a midi-bus service provides an additional shuttle service along select routes.

We understand that in addition to your time, you value your safety and that is why we go to great lengths to safeguard both. We have over 1000 Close Circuit Television (CCTV) surveillance cameras that are linked to a state-of-the-art security control room, manned by staff who are in constant communication with roaming on-site security personnel, ensuring your safety when using the Gautrain service.

bank card. Train Products can only be loaded onto Gautrain cards.

Gautrain Cards expire 3 years from the date of last use and any remaining value on the Card will be forfeited. To ensure that your Gautrain Card does not expire, please be sure to make use of it at least once in a 3 year period.

One Contactless bank card,))) One person, One trip.

What is a Contactless bank card:

Increasingly banks are issuing bank cards that may be used to make transactions at various retailers without the need to enter a Personal Identification Number (PIN). If your bank card has this symbol, then you have a Contactless bank card.

Gautrain is pleased to advise that you may use your Contactless bank card to travel on Gautrain, train, buses and parking included.

Contactless bank cards that are accepted include:

- Debit cards
- Credit cards
- Cheque cards
- National Department of Transport (NDoT cards), including: Areyeng Card, Rea Vaya and My CiTi PayPasses

Note: When using a NDoT card at Gautrain, please make sure that you have sufficient value on the card to pay for your 'complete trip' as you will not be able to load value on NDoT cards at a Gautrain station. Part-payments are not accepted at Gautrain. As such, you cannot use a NDoT card together with your Contactless bank card, cash or a Gautrain card to pay for your travel. Please ensure that you tag in and out using the same card. Penalty fees will otherwise apply to each Contactless bank card.

Tag 'n Ride

with a Contactless bank card!

To speed up your travel at Gautrain, simply use your Contactless bank card.

You may:

- Avoid queues and save time
- Have an alternate payment option
- Enjoy cashless travel
- Foreign cards are accepted making it easy for tourists to access the system

Note: Rail-user discounts and other special offers will still apply when travelling with your Contactless bank card, as long as you use the same Contactless bank card for your entire journey, including train, bus and parking. However, Train Products (Monthly, Weekly, Return and Single Train Products) can only be loaded onto a Gautrain card.

The biggest benefit is saving time

What is card clash?

In addition to your Gautrain card, you may have one or more Contactless bank cards in your wallet or purse. If you tag in by touching your wallet or purse to a fare gate, you may experience card clash as the fare gate reader will not know which card you intend to make payment with.

This may result in charges on more than one card. This is referred to as card clash. To avoid card clash, remove the card that you intend to pay with from your wallet or purse and tag with the card itself.

Do not use your wallet or purse to tag in or out at the fare gates as the card reader may not identify the card you intend to pay with. In addition, more than one card may be charged and penalties may be applied.

Remember to tag in and out using the same Contactless bank card or the same Gautrain card.

TAG IN

TAG OUT

One card, One trip, One person

Failing to tag in and out with the same Contactless bank card will result in you being charged a penalty fee of R200 on each of your Contactless bank cards.

Each Gautrain passenger is required to possess their own Contactless bank card or Gautrain card. More than one passenger may not travel using a single card, even if there is sufficient value on the card.

Contactless bank cards can be registered online at www.gautrain.co.za to manage your card.

How to apply for a Train Product refund

To apply for a refund on a Train Product, the following steps may assist:

STEP 1: First, calculate your Cost Per Trip by using this formula: $\text{Cost of Product} \div \text{Total Number of Trips} = \text{Cost Per Trip}$

STEP 2: Secondly, calculate your refund amount by using this formula: $\text{Cost Per Trip} \times \text{Remaining Trips on Product} = \text{Refund Amount}$

How to apply for a refund at a Gautrain station

You may apply for a refund at a Gautrain station, but, before you do so, please remember to bring along a copy of your ID and bank statement.

Please note that refunds applied for at a Gautrain station take up to 14 business days to be processed.

How to apply for a refund online

Refund requests are made easy on the Gautrain website. Simply, link your Gautrain Card or Contactless bank card as a transit card to an online profile to submit a refund request.

Rules for website and mobile app purchases

After completing your online purchase:

Please allow at least 30 minutes before tagging in at a fare gate or onto a bus.

If travel does not occur within 7 days, the value will remain on the Card. Access through the fare gate will however not be permitted and a refund for the value may be requested via the website.

Travel must occur within 7 days of making your online purchase.

Refund requests for online purchases must be submitted via the website only.

Why must travel occur within 7 days of an online purchase?

When a customer makes an online purchase, the transaction populates a file called an 'action list'. This action list is sent out at approximately 10-minute intervals to all fare gates. Only when a customer tags at a station fare gate or onto a Gautrain bus, is the purchase removed from the action list and loaded onto the Card. If the customer does not tag in within 7 days of the online purchase, the transaction is automatically removed from the action list in order to reduce the file size, thereby ensuring that the fare gates operate as optimally as possible to make the tag in process quick and efficient.
